## VANCOUVER ISLAND SUMMER SCOUT CAMP EQUIPMENT LIST (continued)

We want all of our campers to have an enjoyable and safe experience at the Vancouver Island Scout Summer Camp. We have a few items that we don't allow campers to bring on-site so that the experience can be enjoyable for everyone.

**Please make sure the devices listed below are not brought to Camp.**

### ELECTRONIC DEVICES

This includes personal radios, 2-way radios, MP3 players, iPods, electronic games and cell phones. We want the Scouts to enjoy being part of a community camping in the wilderness and having electronic devices are distractions and deter from the overall experience.

### CELL PHONES

We know that some scouts like to stay in touch- we'll be posting regular updates on the website and facebook page. Cell Phones are available for emergency use, so personal cell phones are not necessary at Camp.

### FOOD

We feed the campers well! Personal food is absolutely prohibited at Camp. We are camping in an area of wilderness where we often see wild animals including eagles, cougar and bears. Personal food items left in tents will attract wild animals.

### NUT OIL AND NUT PRODUCTS

Due to some severe food allergies, nut oil and nut based products are not allowed at Camp.

### LARGE KNIVES/MACHETEES

We want the Campers to have a safe and enjoyable time. Large knives, machettes and fixed blades are not permitted on site.

**If any of the above items are found at Camp, the leaders will confiscate the item and return it to the Camper at the end of Camp.**
